

Our VOICE

The values that **define** us

As part of our commitment to creating a fantastic workplace culture for the Bundle business, the mnemonic “**VOICE**” represents the set of shared values that will guide us as we grow, deliver, and innovate.

It also reflects our commitment to ensuring:

- you “**hear our voice**” more often as we communicate more frequently with you
- we “**hear your voice**” through increased feedback opportunities and a dedicated employee forum

Together, our **VOICE** is what will set us apart.

Visionary

“We make a difference and lead the way in sustainable energy efficiency and innovation.”

One team

“We succeed together with a “can do” attitude, collaborating, supporting and respecting each other at all times.”

Integrity

“We do what’s right – honest, transparent, and accountable in all we do.”

Caring

“We care about people – treating customers and colleagues with respect, empathy, and commitment, recognising the value of individual contributions.”

Expert

“We are experts with a commitment to safety and continuous learning, ensuring we always deliver the best solutions.”
